When you are prompted for a Borrower ID while trying to access the FSCJ online library resources you will need to use your student ID number without the letter S for the borrower ID.

This is also the EMPLID located under the drop down menu beneath your name in myFSCJ. The number is also located on the back of your FSCJ ID card directly below the barcode.

The PIN or password will be your birth month and day (four digits) for example 0611. Make sure that Florida State College at Jacksonville is selected from the drop down menu. Click Log In.

Your name should appear in the upper left corner indicating that you are now able to search for resources.
